

Who Qualifies for These Services?

To qualify, you must be an Oregon Health Plan member in at least one of these **life transitions**:

- Current or past involvement in the Oregon Child Welfare system
- Leaving a residential mental health treatment program in the past 12 months
- Recently eligible for Medicare/Medicaid coverage
- Released from detention or incarceration in the past 12 months
- Being at risk for homelessness

Qualified OHP members experiencing these **clinical risk factors** may also be eligible:

- Pregnancy
- Complex mental and behavioral health needs
- Complex physical health needs including some chronic conditions
- Children under the age of six
- Developmental disabilities

Additional criteria also apply for each type of HRSN service.

How Do I Find Out If I'm Eligible?

There are multiple ways to see if you are eligible.

OHP members who are pregnant or parenting young children (0-5 years old) can contact **Pollywog** to complete an eligibility screening and be referred for HRSN services. Contact us today, by phone/text 541-917-4884 or email pollywog@linnbenton.edu. Hablamos Español.

To request HRSN benefits, contact the **211info** Coordination Center by phone at 503-468-5375 (TTY 866-698-6155 or 711) or by email at HRSN@211info.org.

Learn more about HRSN services and eligibility criteria on the **Oregon Health Authority's** HRSN web page www.oregon.gov/OHA/HSD/Medicaid-Policy/Pages/HRSN.aspx

OHP Housing, Nutrition, & Climate Support Benefits Available!

Oregon Health Plan (OHP) is now offering support benefits through their Health-Related Social Needs (HRSN) program for qualifying members.

HRSNs are social and economic needs that affect your ability to maintain health and well-being.

Housing Supports help people stay housed. Supports include:

- Help with the cost of rent and utilities
- Help keeping a place to live
- Storage fees & hotel costs
- Help communicating with landlords
- Medically necessary health and safety changes to your home

Nutrition Supports help people with nutrition-related health conditions eat to stay healthy. Supports include:

- Help to buy food, including fruits & vegetables
- Medically-tailored meals to support health-related conditions
- Education to help people have a healthy diet on a budget

Climate Supports help keep people healthy during extreme weather. Supports include:

- Air conditioners and portable heaters
- Air filtration devices to protect against wildfire smoke
- Mini refrigeration units for medications
- Portable power supplies to keep medical devices running during power outages
