

Live & Learn Discovery Lab

2 ½ to 5-year-olds

Where families meet, have fun, and learn together since 1973!

Learn how to follow your child's natural sense of wonder and desire to explore in this STEM (Science, Technology, Engineering, and Math) based class for parents/caregivers and their 2.5-5 year-old children. Participants will learn the importance of play-based learning as they measure, build, experiment, problem-solve, and discover the world together. Adults bringing more than one child will pay an additional lab fee of \$10 for each additional child. Enrolled adults are required to pass the Greater Albany Public School's background check in order to participate.

Class meets weekly for
10 weeks

Just \$105 per adult
for the entire term!

Financial Assistance is available.
